

Re-Opening Phase I

The following is a re-opening document that was generated during a TN COVID salon on May 16, 2021. It is intended for discussion as we consider how best to reinhabit our grounds, buildings and lives at TN to regain connection and use of our grounds and buildings. The Phase I opening document below was consented at the May 24, 2021 Special HOA Board Meeting.

Ultimately, we recognize self-responsibility is primary, and the chart below is predicated on your own comfort/decisions while residing and sharing this beautiful 5 acres, our property. **If there is a resurgence, reversion back to original agreement.**
